MEADOW LAKE.

This district, which has been abandoned because of the failure in making the rebellious ores yield its gold, is now about to be relocated and worked. Two processes have been discovered and they are both said to be successful. The Meadow Lake ore contains much visible gold, but there is something in it that has heretofore resisted all known processes to separate the gold from it. There is going to be a big rush to Meadow Lake this Summer. Already the early birds have come in, and whether they caught the worm or not we do not know. In 1865 twelve hundred locations were made in the district, containing in the aggregate, more than one million two hundred thousand feet of ledge rock. There has not been a hundredth part of that amount relocated this Spring. Parties have located timber land, water rights, and one company has located the town site. Some claim that a title can not be obtained adverse to the former owners. In July 1865 the town was surveyed and laid out. It was included within the limits of a survey of one hundred and sixty acres, made and filed by Erick Prahm, under the possessory act of 1862. Prahm had been a locator of the California claims the previous year, and his pre-emption entry was in trust and for the benefit of the California Company. As both the ledges and the town have been abandoned, we can not see why they are not open to re-location. There is no doubt about the right to gain title to the mines. The Excelsior Districts extends over an area of some eight miles from north to south, and west. Timber is abundant in the district; there are about twenty artificial and natural lakes in the vicinity, so that the two most wanted things to the success of the miner is abundantly supplied. There will be a grand rush in the early Summer, or, at least, as soon as the snow all melts off, which we understand it is doing very rapidly now.

It is said even at this early day, that a newspaper will soon be started at the town of Meadow Lake. Just now the town has only three families in it, and these persons make about ten persons in all. Yet it is expected that there will be population enough in that town of Meadow Lake, within three or four months, to support a tri-weekly, if not a daily newspaper.

TELEGRAPHIC NEWS ITEMS.

An unfortunate rencontre between two Kansas editors at Leavenworth resulted in the fatal wounding of one, Col. D. R. Anthony, editor of the Times and Postmaster of that city. He is a brother to Susan B. Anthony.

The Tilton-Beecher scandal is evidently drawing to a close, as Tilton was recalled to the stand Tuesday to give his evidence in rebuttal.

Extensive whisky frauds on the revenue have been detected and exposed through the efforts of Major Fishback, of the St. Louis Democrat.

The troubles of the Pennsylvania coal miners is evidently not over yet. Miners resuming work are obliged to go armed.

Koopmanschamp, the great Coolie importer, is in New York. He will bring no more Coolies to the South, as that undertaking has proved a failure.

Rev. Dr. Webber, of Kent's Hill Maine, committed suicide by hanging himself, on Tuesday.

The weather was fair off the Scilly Isles Tuesday, and many bodies, victims of the Schiller disaster, was recovered.

NEVADA STATE NEWS.

The Sharp murder case in Humboldt county has taken a new and interesting turn. Rover, the man under arrest for the murder, declared in his statement before the magistrate, that he saw McWorthy, his accuser, shoot the deceased. The account of the killing as given by McWorthy was that Sharp was beaten to death by Rover. At the suggestion of the Grand Jury the remains of the murdered man have been disinterred. These prove the truth of Rover's statement of death by shooting. Looks squally for McWorthy we should think.

On page 335, section 1,897, Revised Statutes of the United States, says the Salt Lake Tribune, it will be seen that the whole State of Nevada, with the exception of a part of Lincoln and Nye counties, one-half of Colorado, and a part of Wyoming, are included in the boundaries of Utah. An exchange threatens to pitch in now and practice polygamy until our proper boundaries are restored.

Twenty-five men were drafted at the Belcher mine Saturday, and as many more will be drafted in a day or two. Since the sinking of the air shaft, and consequent cooling of the mine, one man can do as much work as could formerly be done by two. This is such a forcible argument on the value of air shafts as ventilators, that any remarks about it would be superfluous.

A. L. Bancroft & Co. announce that they have contracted with the State of Nevada for a term of eight years, to publish the Supreme Court reports of this State for \$2 a volume. The State, by the public printing process, has not heretofore been able to produce these reports for less than \$8 to \$10 a volume.

Professor Stewart has not been idle during his trip to the mines in the eastern counties. He has collected a magnificent lot of specimens, for which he states he would not take \$5,000 in coin.

Count Alexis de Berwinoff, of Moscow, is travelling in Nevada, with a "pas-port" from the Russian Consul in San Francisco. He is a handsome, modest young man, and drops his title in this country.

In the Gold Hill municipal election J. D. Loynachan beat Thomas Kelley for Marshal by 365 votes and O. H. Gallup galloped in ahead of G. W. Dorwin, for Treasurer, by 673 votes.

The Carson colored people have a grand picnic on the 17th, and a ball in the evening. It will be a reunion of colored people from this part of the State.

John P. Keenan, of Pioche, is under \$500 bail on a charge of attempting to murder J. B. Ray, at that place, on the 4th.

All the machinery and mill buildings formerly at Highland have been moved to Tybo. There were sixty wagon loads.

Ex-Senator Nye is in the Bloomingdale Insane Asylum, New York, and all hopes of his recovery are given up.

It is estimated that 50,000 cords of wood will be floated down Carson river the present season.

A building intended for a hospital is now being built at Camp McDermitt.

Arstine Smith, who robbed a stage near Downsville, Cal., on the 14th of last month, and who has just been sentenced to 18 years in the State Prison, refused to tell where the treasure was concealed until Wells, Fargo & Co. paid him \$1,000. He is looking out for a rainy day, notwithstanding that he has got to stay indoors for 18 years.

The principal conspirator in the attempt on Bismarck's life, has been arrested. He is said to be a relative of Archbishop Ledochowski, now under arrest for a violation of the Prussian Church laws.

There is nothing in the war rumors coming from Continental Europe. At least the Under Foreign Secretary of Great Britain says so.

MINERS' LOCATION.—The miners of Peavine District will read with interest a summary of the United States laws as regards location of claims: There is nothing in the existing United States mining law to prevent one or more persons from holding as many claims of not to exceed 1,500 feet each as they may choose to legally locate on the same vein or lode, providing they comply with the requirements of said law with reference to location and improvements or development. We believe inasmuch as the United States law does not affirmatively declare that the same person or persons may locate more than one claim on the same lode, that the miners may by local regulations prevent them doing so, and absolutely restrict the same person in the matter of location to one claim on the same lode, therefore a local law containing a prohibition to do it, could hardly be construed to be in conflict with the United States law. All local laws and regulations not in conflict with the mining Act, are recognized as binding on all parties, and must be so construed by all officers of the government.

REFUSED TO WORK.—It was the intention of the officers of the Virginia and Truckee Railroad, says the Enterprise, to put two hundred white men to work Monday, on the switch that is to run by the new shaft of the Caledonia mine, provided they could employ them at \$2 50 per day. All the unemployed men thought the rates too small, and refused to go to work. H. M. Yerington, General Superintendent of the road, went up from Carson to see about the matter Tuesday, but no compromise was effected, and the work will not be prosecuted at present.

PROLIFIC.—Herr Jackley, the circus man, who will show in Reno on Sunday, is the father of only twenty-three children. We should say that was a pretty fair start in the world.

SYSTEMS.—The season for transplanting bivalves is the present time, and we notice that large quantities are passing through Reno on the way to San Francisco for transplanting. On Monday last twenty cars all loaded with barrels of small oysters, passed west. They were in some cases single, in others a cluster would be found, many of them not larger than a pea. They seemed solid and healthy, though having no preservative but a few lumps of ice on top of each barrel.

WHAT NAME?—We have a communication before us from "Mattie." The writer does not give her name and we will therefore have to decline to publish the item. All newspapers require the name of their correspondents—not for publication, but as an evidence of the good faith of the writer. We always keep the name secret, but must insist, on all occasions, that the name shall accompany the article for publication.

CONCERT.—The Methodist Sunday School will give a concert a week from Sunday evening. A rehearsal will be held at the Parsonage on Friday evening, to which all interested in the prosperity of the school are invited.

THE Wilton Troupe will give another entertainment at Dyer's Hall to-night. An entire change of programme will be presented and as this is a powerful combination all who attend will be highly entertained.

PAINTING.—The front part of the Congregational Church and the cupola are receiving a coat of paint. It is the intention to paint the inside of the church as soon as possible. All this will add much to the beauty of the edifice.

THE delinquent sale of the New York Tunneling and Mining Company has been postponed until May 30th. See the ad.

NONE.—There was no social last night at the M. E. Church, owing to the illness of the pastor.

Two platform cars collided in the yard Wednesday with such force that each of them were badly damaged.

AN UNDISGUISED FACT.—And one we do not want you to forget, is that we propose to do the leading "Clothing business" of this town, and shall at all times keep a stock and sell at prices that shall be popular and satisfactory with our patrons.

JACK NELSON.—This horse will stand in Reno and vicinity during the present season. He belongs to the fastest breed of horses there is on the coast—many of his relatives having made their mile in 2:25. He himself, has made his two miles in 6 minutes, and is an untrained animal. He would make a fast trotter were it not for an accident that severed his gambal joint, whereby he was unfitted for the turf. He is 16 hands high, and weighs 1,225 pounds. He is a beautiful animal and we advise all to take a look at him and if he suits, you will do well to patronize him.

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters.*

THE people have found out that our new Spring stock has arrived. To the ladies: We want to call your particular attention to our large stock of ladies dress goods for the Spring and Summer fashions at unusually low prices. Look all around, and then save from 20 to 25 per cent. by trading with us.

New Goods.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.*

RETURNED.—Mr. Jake Eukle has returned from San Francisco and deserves great credit in the manner in which he refitted his rooms. He has now the most elegant shop in the State. Jake is now running three chairs, being reinforced by Henry Muir and brother. Everybody knows Henry for he is the pioneer artist of the Coast, and between the three first-class artists, no one will have any occasion to wait long, or to go away dissatisfied. His excellent hair dressing, the I. X. L., will always be found on hand.

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St Lee & Co.*

It is a fact that Nathan will sell clothing cheaper than any other firm can or dare do in Reno. His goods are the best—that is also a fact.*
